

## ESSAY QUESTION

Answer the following in 450-500 words below. Please do NOT include your name on your essay.

Describe your envisioned academic journey.

- What do you plan or hope to major in and why? If you haven't selected a major yet, describe the academic areas (disciplines) of study that interest you now and why they could become your major.
- What type of school will assist you in achieving your goals? (Tell us whether you will be studying at a trade school, a 2-year college, or a 4-year college/university).
- How do you see your future after finishing your program? Will your major/field of study allow you to contribute to the public good? If so, how? If not, what are your plans post graduation?
